## The Force Behind

The Coimbatore District Small Industries Association, popularly known as CODISSIA, is one of the largest Business Membership Organisation for Micro, Small and Medium Enterprises in India. It works for Industrial development, economic growth and prosperity of the Coimbatore region.

The association has made significant contribution towards building a strong and stable industrial belt in this region and created awareness among entrepreneurs.

## SUBCON 2025 - A source for successful outsourcing

- CODISSIA announces the arrival of the 9<sup>th</sup> edition of the outsourcing fair SUBCON 2025. It presents a unique opportunity to meet some of India's bigger manufacturers and many large and medium enterprises, who have earned a distinct reputation for their quality.
- This will also serve as a platform for large industries to meet their potential vendors and start their dialogue. An ideal platform for vendor development, the 3 - Day event - SUBCON 2025, is scheduled to be held from 14<sup>th</sup> - 16<sup>th</sup> May 2025.
- Defence and Central Public Sector Undertakings like BEL, BEML, HAL, Ordinance Factory, BHEL, NLC, Railway production establishments, and other Large-Scale industries from the private sector are expected to participate in the event.

## OBJECTIVES

The focus of this industrial meet is to enable the industrial fraternity to gain competitive advantage through mutual co-operation and support. It is a vantage point for small and large industries to exhibit their products, components and services to an entire gamut of industries. True to its purpose, the event will focus on fulfilling the following objectives :

- To help large industries identify their potential vendors and small industries to identify their source of job.
- To provide a platform for vendor registration for the large units and Central / DPSUs
- To showcase the competence of MSMEs of the region
- To create an opportunity for both the user industry as well the suppliers to interact for their mutual business growth.
- To communicate procurement policies, registration procedures, quality standards, logistics, etc. expected by the buyers.
- To strengthen relationship within the clusters.
- To align with the governments vision of "Make in India".

## Inauguration

SUBCON 2023 was inaugurated by Dr. G.A Srinivasa Murthy, Director Distinguished Scientist Chairman, Defence Research & Laboratory (DRDL), Hyderabad, Telanagana, Mr. V. Thirugnanam, President, CODISSIA, Mr. R. Shasikumar, Hon. Secretary, CODISSIA Mr. J. Sanjeevi Kumar, Chairman, Mr. N. Srinivasan Vice Chairman, SUBCON 2023, also presided over the inauguration.

## Press Releases

THE HINDU 11 MAY 2023

### Avenues for collaboration with Codissia will be explored: DRDL Director

The Hindu Bureau  
COIMBATORE

Defence Research and Development Laboratory (DRDL), Hyderabad, will explore avenues for collaboration with Coimbatore District Small Industries Association (Codissia) to source products for aerospace and missile applications, DRDL Director G.A. Srinivasa Murthy, said on Wednesday.

"There are lots that could be done together with small-scale enterprises where new ideas are generated," Dr. Murthy said, inaugurating the eighth edition of SUBCON 2023 organised by Codissia Intec Technology Centre as a platform for vendor development.

The DRDL Director, who also inaugurated a grand exhibition showcasing the strengths of industrial sec-

tor in the region in the manufacture of machine tools, auto components, sheet metal fabrication, engineering devices, foundry, plastic, and farm machinery and equipment, said growth of small enterprises that would pave the way for cutting down imports and stepping up exports was required for strengthening the country's exchequer.

Industry associations

provide the confidence to individual entrepreneurs to take risks, he said, complementing Codissia for organising the event for strengthening capacities of its members.

The three-day event envisages providing opportunity for small scale industries to meet the country's leading manufacturers and several large and medium enterprises to ramp up their operations.

More than 1.5 lakh visitors are expected to visit the exhibition projecting Coimbatore as a major hub of MSME sector in India, according to the organisers.

The inauguration was followed by talks by experts on 'connecting MSMEs to emerging global business opportunities', 'SME plan for growth and opportunities in large projects', 'banking solutions for MSMEs', 'how does a small

to mid-size manufacturer plan for growth?', 'Institution towards empowering MSME - policies and implementation strategy of the State', strengthening of MSMEs - productivity and global competitiveness', and 'best practices in sub-contract manufacturing - strategies and relationships'.

The talks were followed by a panel discussion and award function.

### Three-day trade exhibition to promote MSMEs in region

TIMES NEWS NETWORK

Coimbatore: The eighth edition of "Subcon-2023" will begin at Codissia Trade Fair Complex on Avinashi Road on May 10.

Organized by the Codissia Intec Technology Centre, the objective of the three-day fair is to bring together micro, small and medium enterprises (MSMEs) and public sector undertakings (PSUs) to help create job orders for small traders, event chairman K Sanjeevi Kumar said. "Our focus is to provide job work for small traders of the region. Subcon is a social responsibility project of Codissia for small industries. The fair will act as a platform for MSMEs to showcase their capabilities."

As many as 214 exhibitors, including 15 PSUs in varied engineering fields including BHEL Limited, Hindustan Aeronautics Limited, Defence Research and Development Organization, Integral Coach Factory, Kerala Agro Machinery Corporation Limited, Cordite Factory and Cochin Shipyard Limited will participate in the fair.

### Subcon fair from May 10 to 12

The Hindu Bureau  
COIMBATORE

Subcon 2023, which will be held in Coimbatore from May 10 to 12, aims to bring more business to micro and small-scale engineering units that do not work, said J Sanjeevi Kumar, chairman of the event.

"The target is to bring business to those units with even one table or drilling machine," he said.

Entry to the event is free of cost from 10 a.m. to 5 p.m. For business visitors and GA Srinivasa Murthy, Director, Distinguished

Scientist, Defence Research and Development Laboratory, will inaugurate it on May 10, he said.

According to J. Thirugnanam, president of Codissia, the eighth edition of Subcon will look at measures for the existing MSMEs to enhance their competitiveness in Coimbatore as an enterprise.

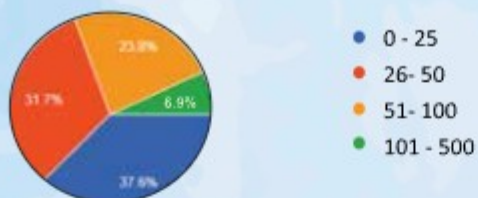

Electric Vehicles (EV) was another emerging sector and the association has joined hands with other industrial associations to create an ecosystem for

the EV sector, he said.

J. Pavan, assistant joint secretary of Codissia, said over 100 MSMEs have received interest to form an EV cluster here. The association is taking steps to develop systems for EVs. He said to make them to international standards, the association intends to tie up with international companies. A Centre of Excellence is expected to come up in six months here for the EV sector and its exhibition will be held next August in Coimbatore on the EV sector, he added.

## Exhibitors Feedback

1) How many enquiries did you generate (approx.)?

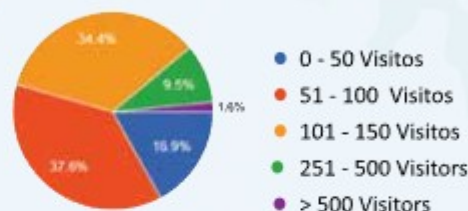

2) Approximate business value generated

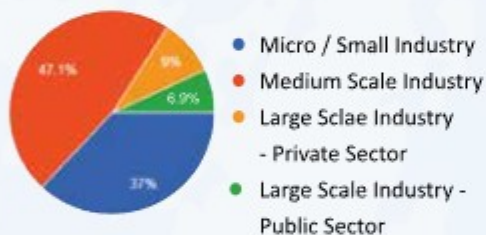

3) How did you get to know about the event?

4) Number of footfalls recorded at your stall

5) Please select the category your organisation belongs to :

6) Will You recommend this program to similar industries as yours?

## Visitors Feedback

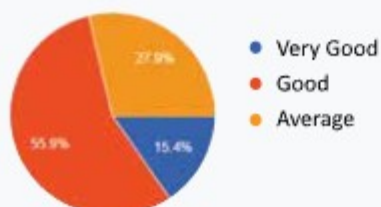

1) How did you get to know about the event?

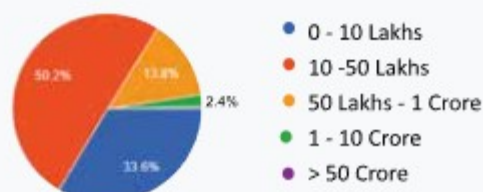

2) How many vendors does your company have currently?

3) How do you rate the quality of the exhibitors?

4) The Value of approximate business you expect to do during the current financial year 2023 - 2024 with the vendors you have met here ( Approximate )

# Testimonials

Coimbatore being a major hub for the MSME Sector, SUBCON 2023 was an event which helped to connect us with prospective customers. We in Pricol have benefitted largely by being able to source quality component suppliers for our products. It is our privilege to support the exhibition as it provides a platform for key industry members to come together under a single umbrella to display their capabilities and to draw a roadmap for future growth. On behalf of Pricol, I wish SUBCON 2025 great success in forging business relationships.

**Mrs. Vanitha Mohan**, Chairman, PRICOL Limited

As a supplier of precision sheet metal components with powder coating, we participated in SUBCON 2023 and had a very encouraging response. Relevant walk-in inquiries resulted in business conversions which has motivated us to participate in SUBCON 2025. We look forward to another successful event in uniting industry leaders, fostering meaningful collaborations, and driving growth and innovation in the MSME sector.

**Mr. G Sureshkumar** Managing Partner, M/s Suriya Equipments

KPM Plasto Rubber Co., is a trusted leader in manufacturing of high-quality rubber products. We were overwhelmed by the positive response and experienced the benefits of the quality visitor response. Thanks to the exposure at SUBCON and organising team for the successful trade-fair of B2B market.

**Mr. KPM. Muthu**, Managing Director, M/s KPM Plasto Rubber Co.,

We participated in Subcon 2023 we had overwhelmed response. It was very useful in reaching the customer we have converted many Businesses from subcon 2023, I would highly recommend to use this opportunity to showcase your portfolio

**Mr. B. Guruvasanth** Managing Partner, M/s Erfolg Industries

Alpine Tape, being an exclusive premium Packing Tape manufacturer from Coimbatore it's just not the privilege to participate in CODISSIA fairs but also experienced excellent results everytime. Today we are excited to come onboard at SUBCON 2025 as a Silver Category Exhibitor.

**Mr. V. Ramesh Kumar**, Managing Director, M/s Alpine Tape Private Limited
